# Brayan Sánchez
## Computer Engineer

I aim to continue growing in the IT field, strenghtening my knowledge in systems, support, infrastructure and software development, with interest on mayor responsibility roles

### Experience

**B-DRIVE IT**

March 2024 – July 2025

I provided with L1 and L2 Technical Support in corporative enviroments, handling incidencies related to VoIP, Active Directory and Microsoft Exchange. I solved User Requirements for connectivity, authentication and services configuration. Besides, I configured and Administrated L2 Networking Hardware

**Lotería Nacional**

October 2023 – March 2024

I took part of the Help Desk team, providing L1 Technical Support to internal users. I did both preventive and corrective maintenance to Computers.
